

Editorial Board,  
International Journal of Nothingness

Dear Editor,

I hereby submit a manuscript entitled 'A totally viable manuscript of scientific value' by Homer Simpson, Lisa M. Simpson, and Montgomery Scott to be considered for publication as an original research article in International Journal of Nothingness.

I am confident that the manuscript is of great scientific value to fellow scientists from many fields. Its greatness lies in its simplicity. There is actually no scientific substance in its contents, which many would find astonishing.

I declare that the manuscript is original, has not been published before, and is not currently being considered for publication elsewhere. Furthermore, there are no known conflicts of interest associated with this publication.

I hope you find our manuscript suitable for publication and look forward to hearing from you.

Yours sincerely,

Montgomery Scott
